ONE & AUM

Jump into every day!

"Since we met, Kim, I can confirm I purchased a teal yoga & all-day jumpsuit and have since...a) practiced yoga in it and b) taken it out for a spin to lunch/cocktails - what a great combo! Also, I've heard feedback from a few of our members that they love the comfort and have even purchased multiple colours!"

"I chose the black jumpsuit and it's honestly one of the most comfortable outfits I've ever owned! The material is soft and flexible and it's a really flattering cut. I wear mine whether I'm doing yoga, heading out for coffee, or chasing after the kids! It's really versatile and looks great accessorised as casual wear. Great purchase, highly recommend."

WE DONATE

ONE & AUM FOREST

For every One & Aum product purchased, we donate a portion of our proceeds to partners, Ecologi, **who will plant a tree on your behalf** and help tackle the immanent issue that is climate change.

Together, let's build our O & A Community Forest and collectively, work to absorb CO2 and help restore biodiversity.

Ecologi funds projects across Australia and Internationally to plant trees in areas where they have been lost, helping the habitats to recover, restoring biodiversity, supporting local communities, and sucking in CO2 from the atmosphere.

CHARITY WATER

Did you know that 771 million people in the world live without clean water?

That's nearly 1 in 10 people worldwide. The majority live in isolated rural areas and spend hours every day walking to collect water for their family. Not only does walking for water keep children out of school or take up time that parents could be using to earn money, but the water often carries diseases that can make everyone sick. Access to clean water means education, income and health - especially for women and kids.

For every product purchased, One & Aum donates a portion of proceeds to Charity Water.

Charity Water work with local experts and community members to find the best sustainable and long term solution in each place where they work. **Charity Water applies 100% of donations to Water projects worldwide.**
